

IMPOSSIBLE? IT WAS...UNTIL IT WASN'T.

**NEW GAME CHANGING BITUMEN EXTRACTION TECHNOLOGY
KEEPS YOUR PIPELINE FULL.**

Booth #1120, Oil Sands Trade Show & Conference, Sept 14-15.

**99+% recovery. 99+% purity.
No environmental contaminants.
No tailing ponds. 20% reduction
in green house gases.**

**It was impossible...
until it wasn't.**

**New bitumen extraction
technology will put more
profit in your pipeline.**

This isn't a pipe dream. This is reality: the VARYPETROCHEM CAC-24 High Shear Process is a completely solvent-free extraction chemistry and process that will revolutionize oil sands bitumen extraction forever.
